Our 2025 theme: Eyes Forward

Dr Chege

Executive Director

Philippians 3:13-14

Brothers, I do not consider that I have made it my own. But one thing I do: forgetting what lies behind and straining forward to what lies ahead...

Eyes forward: pressing on toward the goal

This year, as we mark 110 years of Quality healthcare, we look forward to encouraging all of us to look forward with hope, and to continue striving for excellence, and upholding Christ-centered healthcare. This quarter, (Q1 -2025) the Core Message is "Running the race with purpose – eyes on the goal." The Focus is "Reflecting on the race already run and pursuing the eternal goal with determination."
